- Developed and implemented new features while participating in architecture discussions to enhance module functionality and performance.
- Tested and debugged applications thoroughly, ensuring high-quality and reliable user experiences across web platforms.
- Documented development processes and code changes to facilitate knowledge transfer and maintain clear project communication among team members.

KEY ACHIEVEMENTS

Onboarding in a AI level project — Nov 2025 - Current

Learned AI Data transcription. LLM models like gpt4 and groq. Generating action items and summary through LLM. Generating tasks and assignees as per the transcript. Integration of task management software like Jira and Optimore.

PROJECTS

AktionAI — Nov 2025 - Current

A smart meeting and task management platform that streamlines workflows with AI. Users can upload transcripts in multiple formats, generate action items, and assign tasks using GPT-4 and Groq. Integrated with Jira and Optimore for task tracking, it supports company management across various industries with role-based access and automation.

CANPAY — Apr 2022 - Nov 2025

Debit Payment Application(PWA application for consumers), Merchant Web Application and RemotePay Widget for the cannabis industry. Led the development ensuring a secure and efficient payment processing system.

Arkgrading — Jun 2021 - Oct 2021

PSA Dealer Service. Managed the entire development cycle, from planning to deployment for Arkgrading. Worked closely with business analysts to ensure requirements were met.

Atlas — Nov 2021 - Mar 2022

Real Estate Platform. Developed survey platform integration, Optimized API integrations, reducing response times by 20%. Guided the team through back-end performance improvements with best practices.

Jal_oga — 2019 - Ma_2020

Developed a dynamic yoga class scheduling functionality, enabling users to seamlessly book, manage, and track class sessions with real-time availability, enhancing user engagement and operational efficiency. Oversaw technical implementation and facilitated cross-team collaboration.

EDUCATION

B.Tech in Computer Science & Engineering from M.A.K.A.U.T — Aug 2015 - Ma_2019

Graduated with 7.97 cgpa
